

Dear Parents,

May 2010

This June we will be offering students of the young dancer's program (Dance Imagination and combo classes 4-6 yrs) the opportunity to perform in a special matinee show at The Westbrook Performing Arts Center. There will be a morning rehearsal on the day of the show (schedule to follow). The Matinee will begin at 12:30 and will last approximately one hour. The show will include pieces by our youth dance company "UpBeat Feet". Each class will perform their own short piece. They will enter and exit the stage with their own special group seating in the audience, escorted and monitored by their teachers. The kids will be able to view the other dances before and after they go on stage. We have put a lot of thought into creating an optimal performance experience for your young dancer. We are very excited about establishing this special venue for them. Details about costumes, tickets, rehearsals and exact times will be coming up soon. If your child is not able to participate, please let their teacher know as soon as possible.

Sincerely,

Casco Bay Movers Dance Studio
